

WHY FOUNDATIONAL?

Simple, cost-effective EDI and e-business
by a proven leader in the industry

Outsourcing with Foundational is more cost effective

Our e-business service provides a substantial annual savings compared to in-house management by providing a solution that runs automatically 24/7 and eliminates the need for specialized hardware, software, and staffing.

We eliminate EDI management headaches

We reduce the manual effort of managing integrations and data exchange by completely automating the handling of all ongoing communication with trading partners, support, and system monitoring.

Built on rock solid technology and decades of experience

With over 20 years of experience in a variety of industries, we have developed an industry leading platform that is tailored to solve the needs of our clients regardless of business type or size.

Simple pricing, no surprises

Our service is effective for the smallest implementation yet scalable enough for the largest enterprise and includes services, options and flexibility not often offered by our competitors.
